

Next-Generation CAR-T CELL ENGINEERING FOR SOLID TUMORS

Overcoming Biological Barriers and
Advancing Clinical Translation

ENGINEERING
Precision.
Innovation.

OVERCOMING
Biological
Barriers.

ADVANCING
Clinical
Translation.

From Innovation to Impact
Shaping the Future of Cancer Immunotherapy

SOLID TUMOR TARGETING
Challenges in solid tumor
immunotherapy.

CAR-T ENGINEERING
Overcoming the complex
tumor microenvironment

CLINICAL TRANSLATION
Bridging innovation to
patient impact

Speaker

Dr. Faheem Ahmed Khan

Senior Researcher
Stem Cell & Cancer Research (SCCR), Indonesia

Key Takeaways

- ✓ Understand CAR-T barriers and innovations.
- ✓ Explore next-generation therapeutic strategies.
- ✓ Receive a free sample.
